

Genuine Accessories V-Class.

Genuine Accessories.

Safety and quality.

At Mercedes-Benz the vision of accident-free driving is paramount. Because where Mercedes-Benz vehicles are concerned, we take the same uncompromising approach to safety as we do to driving pleasure. There are no compromises when it comes to developing the range of Genuine Accessories either. Perfectly tailored to your vehicle and extensively tested by our engineers, the products not only make an active contribution to your safety but also protect other road users. The star has always signified allure, perfection and responsibility - attributes which are also reflected in the quality of our accessoires, all of which further enhance our vehicles' style or sportiness - not to mention their already outstanding comfort. That special sense of design and attention to detail make a vehicle a true Mercedes-Benz. From that first outward impression to the inner attributes. Quality you can sense: just by looking, listening, touching - and of course driving.
