

Unleash the beast.

SOME DAYS YOU JUST HAVE TO DOWN TOOLS, GEAR UP AND GET OUT THERE.

FORGET THE WEATHER, THIS IS NEW ZEALAND. ANY MUD YOU ENCOUNTER WILL BE WORN WITH PRIDE.

ANYWAY, NEW TRITON WAS BRED TO HANDLE MOTHER NATURE'S MEANEST MOODS.

IT'S PERFECTLY ADAPTED FOR THE WILD.

WITH ADVANCED SAFETY FEATURES, IT WATCHES OTHER VEHICLES LIKE A HAWK.

THE MUSCULAR FRONT END IS PERMANENTLY SET IN BEAST MODE.

AROUND HERE, IT'S THE ONLY WAY TO GO.

Thom. Vorkhard, blay harder.

TRITON

» MODEL SHOWN Triton VRX in Graphite Grey.

TRITON

» MODEL SHOWN Triton VRX in Graphite Grey.

» POWER ON

The heart of the beast is a powerful turbo diesel. You can tow, go bush and tackle any job no sweat.

» THE RIGHT SAFETY GEAR

New **Triton** takes you anywhere and it's got you covered in all conditions, with advanced, intelligent safety systems that easily earn 5 stars.

» NO ROAD NECESSARY

Where many utes stop short, New **Triton** keeps going. There's super-low range that lets you crawl like a tractor and a 4WD high range you can even use on the highway. It's all backed by New Zealand's best Powertrain Warranty.

» BUILT TO WORK, AND UNWIND

From tray configurations to turning circle, **Triton** is designed with hard work in mind. It's also very well-appointed and a welcome comfort at the end of a long day.

4WD you can count on

THE RIGHT 4WD SYSTEM CAN BE A REAL SAVER. NEW TRITON USES THE BEST LIFE SYSTEM WE'VE EVER BUILT, AND THAT'S SAYING SOMETHING.

If building world-beating 4-wheel drives for the Dakar Rally taught us anything, it's that you need to over-engineer. You need to be prepared for conditions you've never encountered before. With Triton, you will be.

On 4WD VRX, the Super Select 4WD system gives you easy access to the settings you need. The centre diff lock gives you a 50/50 torque split for maximum traction.

You will appreciate **Triton's** ability to use 4WD high range on the open road. You can even switch it on at speeds of up to 100km/h. Try that in another vehicle and you could kiss goodbye to your diff and your warranty.

With Off Road Mode on Super Select just dial in Gravel, Sand, Mud/Snow or Rock and crawl up, or straight through whatever's in the way. Steep downhills are safely controlled with Hill Descent.

4WD GLX and GLX-R use Easy Select, which lets you move between 2WD and 4WD settings on the move.

You might not need to take a full crew and a big load up a seemingly unscaleable slope. But you can.

THE BEST WARRANTY ON, OR OFF-ROAD.

It's a testament to **Triton's** construction that it's covered by New Zealand's best Powertrain Warranty. The entire drivetrain is covered for 10 years / 160,000 km, with a 5 year / 130,000 km new vehicle warranty and 5 years Premium Roadside Assist. It's got your back wherever you go, which could be a lot of places.

» MODEL SHOWN Triton VRX in Sunflare Orange,

Boldly tow

OUTPUT IS A MAJOR FACTOR IN CHOOSING THE RIGHT UTE. ON NEW TRITON, POWER AND TORQUE ARE AS HIGH AS YOU'LL NEED, WHICH YOU'LL APPRECIATE WHEN YOU'VE GOT A BIG LOAD ON THE TOW BALL.

You could choose a thumping big engine with a fuel bill to match, or take a smarter, more athletic approach to power. **Triton** uses an all-alloy, intercooled, Direct Injection Diesel with such a high output you'd be surprised to know it's a 2.4L 4-cylinder. You'll have 135kW of power and a huge 437Nm of very useable torque at your command. The other important number is the 3.5 tonne braked towing capacity on 4WD Double Cab models'. Trailer Stability Assist keeps any size load in line. The efficiency is just as impressive. **Triton** returns first-rate economy figures between 7.7L and 8.6L per 100km across the range.

The other big consideration is the transmission. The 6-speed automatic incorporates Sports Mode that lets you drive it like a manual, with near-instantaneous shifts. The 6-speed manual gives you absolute connection to the vehicle and whatever surface you're driving on.

*3.5t towing capacity applies to Double Cab 4WD models only. It is only possible with a 3 axle braked trailer, towball vertical load of no greater than 4% and an approved MMNZ towbar

Adventure in comfort.

YOUR TRITON CAN HANDLE ANYTHING THE WORK DAY DEMANDS. WHEN THE DAY'S DONE, IT LETS YOU GET AWAY FROM IT ALL IN TOTAL COMFORT.

lanti

New **Triton** is very adaptable. You can choose the best configuration of tray and cab for whatever you need to do. Both chassis and wellside models give you a big carrying area and capacity. On Club Cab models, rear-opening doors make it easy for occupants to get out with their gear.

TRUTON

Another area where **Triton** really delivers is comfort. All models feature well-sprung, supportive front bucket seats.

The driver has fingertip control of the audio system, cruise control and handsfree Bluetooth™ from the steering wheel. Wellside models feature Smartphone Link Display Audio (SDA). Whether you're on Android or Apple, the SDA System makes total connectivity effortless. Simply plug your phone in and use voice commands to activate music, send messages, make phone calls and access maps from your phone. All wellside models have a reversing camera – a real help with hooking up a trailer or parking in a tight spot, which is no sweat with the 11.8 metre turning circle.

Chilly mornings and baking hot summers are dealt with by the dual-zone climate control and heated front seats on VRX. There's no more fishing around for keys, thanks to keyless entry and push-button start on VRX.

SMARTPHONE LINK DISPLAY AUDIO Make calls, send messages, use maps, play music and more from your smartphone. Smartphone Link Display Audio available on wellside models.

Safety, tick

THERE ARE MANY PLACES TRITON CAN TAKE YOU TO. WHEREVER YOU GO, YOUR SAFETY IS WELL AND TRULY TAKEN CARE OF.

Hard work aside, the other job New Triton is designed for is to protect its occupants. The chassis is very rigid so it absorbs energy better and improves handling.

The latest intelligent safety features make New **Triton** even safer. On selected models Lane Departure Warning and Blind Spot Warning monitor safety to the side, while Forward Collision Mitigation reacts to the vehicle in front. To keep you safer when you're reversing, selected models also offer Rear Cross Traffic Alert, which warns you of vehicles approaching from either side with audio and visual alerts, and Multi Around View Monitor that gives you a bird's eye view of what's around the vehicle.

Within the body, there are 7 airbags and pretensioning front seat belts. Even your trailer is safe, with Trailer Stability Assist on all models.

All loaded up

NEW TRITON HAS ALL THE GEAR YOU NEED FOR ANY SITUATION.

- » [ABOVE LEFT KEY FOB] Central locking and immobiliser keep you on the safe side.
- » [LEFT] LEATHER SEATS are even heated.
 - START

Just press the button to start up and go on VRX.

» [LEFT] DAYTIME RUNNING LIGHTS

Better visibility and smart looks from daytime running lights on all models (LEDs on VRX).

» [BELOW] RAIN-SENSING WIPERS

The moment the rain falls, your wipers activate automatically on selected models.

VRX is as comfortable as it gets with smart leather seats, the driver's and front passenger's

» [BOTTOM LEFT] ONE-TOUCH

» [ABOVE] BIRD'S EYE VIEW The Multi-Around View Monitor on VRX clearly shows all obstacles around the vehicle.

While we have made every effort to ensure that the specifications are correct at the time of printing, Mitsubishi product is constantly developing. We reserve the right to change the specifications, colours and prices of models and items within this brochure. For current specifications always contact your Mitsubishi dealer.

Fuel economy figures are based on the ADR 81/02 test for combined urban/extra urban driving. Please note that actual on-road fuel consumption and emissions will vary depending on traffic conditions, vehicle load and the individuals' driving styles.

A VERY WELL MADE WARRANTY

There's no better protection for your new Mitsubishi than our **Diamond Advantage Warranty**. In fact, there's no better new vehicle warranty available in New Zealand. Whichever Mitsubishi^{*} you see yourself in, wherever the road takes you, you'll be thoroughly covered from bumper to bumper.

Our **Diamond Advantage Warranty** comprises a 10 year/ 160,000 km powertrain warranty that covers everything from engine to axle; a 5 year/130,000 km new vehicle warranty; and 5 years Premium Roadside Assist, which looks after you if the unexpected should happen. It's the warranty designed for complete peace of mind.

Visit mmnz.co.nz for terms and conditions

*Excludes Plug-in Hybrid Electric Vehicles
